# BUNSEN BURNER, LABORATORY & GAS REFILL

A versatile multi-purpose laboratory burner. The ultimate in portability.

The gas nozzle is fixed to the forged aluminum alloy body which reduces heat transfer to the brass shaft and gas cartridge.

Stainless steel gauze is embedded in burner top to enhance durability

Spring clip is incorporated to control in-flow of air

Phenolic knob (heat resistant) is fitted to the shaft to adjust the gas (butane) flow

Specially designed foldable stainless steel tripod to fit (optional)

For use in laboratories in school, colleges, universities, research centres and more.

<b>Dimension</b>	<b>196mm (H) x 110mm (D)</b>
<b>Weight</b>	<b>595g with full gas cartridge</b>
<b>Gas Supply</b>	<b>Butane 190g</b>
