

MI-M0007

MICROSCOPE BIOLOGICAL MODEL XSP-44

Nosepiece

Trinocular nosepiece with precise click stop, Equipped with objective 4X, 10X, 40Xs

- A Precision instrument built to high optical and mechanical standards and is designed to withstand daily classroom and laboratory use with only normal care.
- Indoor Temperature : 0°C - 40°C
- Max : Relatively humidity : 85%
- Voltage : 230± 10%; 50/60Hz LED:3.4V/15000 IV (mcd)

Total Magnification	40X ~ 400X
Eyepieces	WF10X
Objectives	4X 10X 40Xs
Eyepieces Tube	Monocular inclined tube 45°, inclined tube rotatable 360°
Illumination	LED Electrical Illumination
Coarse Adjustment Range	15mm
Working Stage	90mm x 90mm
Condenser	NA0.65 Condenser, Disc Diaphragm
Optical	WF16X 2X Magnification Eyepieces
